VOLUNTARY CONTRIBUTIONS

Voluntary Contributions will be used to supplement school expenditure in the areas listed.

While they are voluntary, the quality of our teaching and learning program will be maximised when each family makes its contribution. Contributions supplement funding gained from other sources including the State and Commonwealth governments.

VOLUNTARY APPROVED REQUESTS

Voluntary approved requests are optional payments for supplementary services, building improvement costs, assets, equipment and gift funds that coincide with school priorities and enrich the school community.

CHARGES

The term '**Charges**' refers to the extra cost optional activities which are parts of any education programme and which are not covered by contributions. All the items are optional and if no payment is received an educational activity with a similar outcome will be provided to that student. The estimates are at an upper limit and will not exceed this amount. These costs will only occur if the activity is actually undertaken.

Payment will be requested during the school year when costs and participation are confirmed.
